## Rules

Users of the facilities must adhere to the following rules to ensure the current COVID-19 suppression measures of social distancing are followed.

- The number of users at any given time will be restricted to a capacity that ensures a **six (6) feet** radius for each user.
- All users are to move in an **anti-clockwise** direction around the track.
- Only the **innermost** and **outermost lanes** are to be used.
- The innermost lane is to be used for walkers and slow joggers. (Maintain six-foot distance)
- The outermost lane is to be used for passing those on the innermost lane.
- No scooters, bikes or skateboards are allowed on the track.
- The infield of the walking track can be used for exercise in groups up to **6 persons** (Non-Contact activities only).
- Each member of the group must maintain a **six feet distance** from each other, and each group must maintain a **six feet** distance from another group.
