Christmas Lighting Safety Tip

Try to avoid using the traditional larger Christmas light bulbs and use LED bulbs instead. LED bulbs are more energy efficient, which reduces your energy usage. Additionally, they don't burn as hot, which reduces the chance of fire. One of the most common causes of holiday-time fires results from bulbs being too close to gutters filled with dry leaves or on trees with dry branches.

al and household goods (not including merchandise) up to a value of CI\$1,000. This is an increase of CI\$500.

Minister for Border Control & Labour Hon. Dwayne Seymour said, "Thank you to our Premier who supported this initiative which fits in the Government's broad outcome goal of improving the quality of life for Caymanians. By approving a temporary increase in duty allowance, it will ease the burden for individuals and families who desire to travel during the holidays who may find it a challenge to find additional funds to pay for duty as well."

Returning residents are reminded that dutiable items with a value exceeding the duty free allowance must be declared on the Customs & Border Control (CBC) Declaration form and presented to a CBC Officer upon arrival in the Cayman Islands. If a CBC Officer suspects that a passenger has either failed to declare items that should be declared, has made a false declaration or is otherwise engaged in the smuggling of contraband, the passenger will be subject to questioning and search by the officer.

Returning residents are advised that the duty free allowance does not apply to merchandise purchased for resale in their business. Those items must be properly declared and the applicable duty paid thereon.

It is important to emphasize that this temporary increase in the duty free allowance ends on 5 January 2024.

Returning residents are advised that the duty free allowance does not apply to merchandise purchased for resale in their business. Those items must be properly declared and the applicable duty paid thereon.

Over 1000 entrants took part in this year's Walker's Marathon - including full marathon, half marathon and relay teams. The start - at 5am by the Hard Rock Cafe on the waterfront saw the runners heading towards the turn-around point at Prospect. The half-marathoners ran there and back into George Town, while the full-marathoners did the whole circuit twice over.

Andrew Morrison from Grand Cayman won the male category in the full marathon, with a time of 3 hours and 53 seconds, leading the field by a big margin. Johnny Gibson from George Town crossed the finishing line more than half an hour later, with a time of 3 hours, 35 minutes and 42 seconds, but close on his heels was Mark Reed, who came in third, with a time of three hours 36 minutes and 10 seconds.

Esomond Brown from George Town was the first male over the line in the half-marathon, with a time of 1 hour 22 minutes and 45 seconds. Second was West Bayer Tafari Khan, with a time of 1 hour 23 minutes, and 35 seconds. The third male in the half-marathon was Teddy Mercer, with a time of 1 hour, 25 minutes and 13 seconds.

hour, 30 minutes and 52 seconds. Second was Michelle Vinton with 1 hour, 31 minutes and 26 seconds, and third was Elaine Anderson with 1 hour 36 minutes, 46 seconds.

The Kids Fun Run started at 10:30am at the Government Administration Building on Elgin Avenue and end at Hard Rock Cafe. The event is free for students between the ages of 5 and 11 years old and around 250 kids took part.

Each year thousands of dollars are raised for various charities and non-profit organisations via the Cayman Islands Marathon as many participants choose to run for a cause and solicit online donations from friends and family members while others simply add a donation while registering. The 2022 event raised almost USD30,000.

George Town's Waterfront bristled with activity on Wednesday, 29th October, during the official relaunch of the Breitling Boutique on Cardinal Avenue.

A large crowd gathered outside the store for the ribbon cutting and a walk around the new space, whilst enjoying bubbles and cocktails from the new store's built-in bar.

► Breitling Retail Director, Aurore Hetzel (L) and George Town Manager and Revitalisation Initiative Coordinator, Colin Lumsden (R) at the launch of the new Breitling boutique.

Members of the Breitling team were joined by Kirk Freeport Representatives, along with the George Town Revitalisation Team, other dignitaries, distinguished guests and members of the public for the occasion.

Breitling Retail Director, Aurore Hetzel, noted that the reopening of the newly renovated boutique featured a completely changed store with a new experience, calling it "...a warm and welcoming environment."

George Town Manager and Revitalisation Initiative Coordinator, Colin Lumsden noted that the Cayman Islands has been working on the George Town Revitalisation for the past five years and the Kirkonnell Group has always been a steadfast partner.

He praised the reopening of the Breitling store as a welcomed addition to Seafarer's Way and Cardinal Avenue.

"We are so proud of the re-imagining and what they are doing," he noted.

Breitling is a cornerstone brand for the Kirkonnell group and Vice President for the Group, Chris Kirkonnell explained that it was not long ago that the original Breitling boutique had opened and expressed his satisfaction of the latest iteration of the store.

"We are completely blown away by the new concept," he remarked, adding that he was also thankful to the George Town Revitalisation team and that the store would be a great addition to the streetscape in George Town.

Breitling has a network of 15 stores in the Caribbean, with the store in Grand Cayman having been operational since 2015.

Since the Covid-19 pandemic, the Breitling had been operating out of the Bayshore Mall but re-opened one year ago (September, 2022).

The formal launch of the Boutique on Wednesday night introduced a swanky new retail space with a sophisticated and elegant approach to presentation and service.

"It's very modern and we have given particular attention to detail, lighting and decoration. The elements represented here are land, sea and air, which all tell the story of behind our historical collection," said Ms. Hetzel.

She added that the new boutique was designed by Breitling's team in Switzerland, who have designed each of the 250 Breitling boutiques worldwide.

"Breitling is the fastest growing watch brand in the world and the company is known for its ability to maximise opportunities. We are thankful to Kirk Freeport, who have been amazing partners and the clientele here are huge fans of the Breitling brand."

► Cigars bearing the Breitling name were distributed to guests to mark the launch of the newest iteration of the Breitling boutique on the George Town, Waterfront.

Sustainable Cayman issues Assessment of Route Options for the East-West Arterial - Alternative Route 2 is “cheaper, shorter, safer”

Sustainable Cayman have today released a new report, produced with support from the RSPB in the UK, covering alternative routes of the East-West Arterial (EWA) Road Extension and their impacts for the highway expansion project proposed by the National Roads Authority (NRA).

The report evaluates three different alternative routes based on:

- i) social impacts & accessibility,
- ii) environmental impact,
- iii) climate resilience,
- iv) the potential cost of building the road.

The report concludes that the alternative Route 2 is the most cost-effective option, as it has the lowest costs among the feasible alternatives. The report estimates that Route 2 would cost \$61.90 million to construct compared to over \$70 million for the NRA proposed route. These figures are based on an FOI which gave the budgetary costs for materials and labour estimated in 2015.

The report also acknowledges that no

alternative route would fully solve the existing bottleneck problem at the intersection of Hurley's roundabout, as it would only increase the capacity to the east of this point. However, the report argues that Route 2 would still improve the traffic flow and reduce the travel time for the average commuter.

Further, Route 2 would have the least negative impact on the environment and the community, as it would avoid cutting through the Central Mangrove Wetland and the associated flood risks for the surrounding communities. The traffic issues currently faced in the Cayman Islands cannot be solved by a new road in isolation, the planning of infrastructure and development needs to be looked at holistically and any development should be designed and planned with the best interests of the people in mind and not just development economics.

The report invites the public to review the optioneering road route report and provide feedback and to engage in

discussion with their MP. It is Sustainable Cayman's view that taking care of our environment provides for a better quality of life, health and well-being. This is one of the main components of why we need to ensure that proper decisions are taken today to build a safer and more resilient future.

"I believe that infrastructure development should not come at the cost of environmental degradation. That is why we should always conduct rigorous environmental impact assessments before initiating any project. We should also adopt a holistic approach to development, which considers both human and natural systems, and the long-term sustainability of interventions. By doing so, we aim to create infrastructure that is not only functional and efficient, but also harmonious and resilient. The traffic issues currently faced by Caymanians cannot be solved by a new road in isolation" quoted Natalie Hall of the RSPB.

Sustainable Cayman is an organisation with a mission to promote environ-

mental sustainability and conservation of our natural assets and therefore we have a keen interest in resolving the best outcome for transport connectivity and quality of life in the Cayman Islands for both current and future communities.

Tsuwana Augustine and Haley Christian emerged as Cayman’s top primary and secondary school spellers, respectively, at the 24th RBC Royal Bank Primary National Spelling Bee and the 41st Lions Club of Grand Cayman Secondary National Spelling Bee Championships.

Primary School Champion

Tsuwana Augustine, a ten-year-old student at Creek & Spot Bay Primary School, claimed the title of Primary School Spelling Bee Champion on 28 November after a nail-biting tiebreaker-round battle with Cayman International School’s Nandhini Rajesh. The competition took place at the John Gray High School Performing Arts Centre.

The winning word was “exculpate.”

As the 2023 Primary Spelling Bee Champion, Tsuwana received an iPad and the coveted Spelling Bee trophy, courtesy of RBC Royal Bank.

Nandhini Rajesh secured second place, while Savannah Dewar and David Williams of Red Bay Primary tied with Theoline McCoy’s Cathy Vinothkumar for third place.

A total of 53 competitors from 15 public and private schools across the Cayman Islands participated in the Primary School Spelling Bee.

Secondary School Champion

The following day, on 29 November, John Gray High School’s Haley Christian emerged victorious as the Secondary School Spelling Bee Champion after two thrilling rounds. Angeline Ewers of Cayman Prep and High School placed second, and Nickela Davy of Cayman Academy took third place out of the 28

competitors. The winning word was “echelon.”

The secondary school Spelling Bee competition took place at the Lions Centre.

Spelling Bee organiser, DES Senior Customer Services Manager Mrs. Kimberly Kirkconnell, expressed her admiration for the competitors’ exceptional performance.

“The confidence of the students was most impressive and I would like to thank them and their schools for making the competitions so successful. All the students who participated should be very proud of themselves! It’s not easy to get up in front of a crowd and perform, especially when that performance involves spelling difficult words.”

Lions Club of Grand Cayman’s Spelling Bee Chair Daniel Reid echoed Mrs. Kirkconnell’s sentiments, applauding the exceptional performances of the secondary school competitors and expressing gratitude to all who contributed to the success of the event.

In her remarks at the primary competition, Area Vice President (AVP), Personal Banking, and Country Head for RBC Cayman Islands, Ms. Ericka Rolle, noted, “It has been an absolute delight to witness all of these remarkable students showcase their spelling prowess, initiative, and skill. The comprehensive learning process embedded in this experience allows children not only to grasp the definition, pronunciation, and origin of words but also to build their vocabulary and excel in reading and writing. I am confident that the participants here today will take away more than just language skills; they will develop self-confidence and communication skills that will serve them well in the future.

Congratulations to all the winners, this afternoon and to everyone who participated on a job well-done.”

The RBC Royal Bank Primary National Spelling Bee and the Lions Club of Grand Cayman Secondary National Spelling Bee play a significant role in fostering a love of language and promoting academic excellence among Cayman’s youth. The competitions provide a platform for students

to showcase their spelling skills, expand their vocabulary, and develop essential communication and confidence-building skills.
