## Why GAC?

---

- A Legacy of Excellence. Ranked #181 on the 2024 Fortune Global 500, with 12 consecutive years among the world's largest companies. Backed by 112,600 employees and a global network of 800,000+. Origins since 1948.
- Sold more than 2 million vehicles in 2024.
- Rated by J.D. Power #1 BEST Quality Chinese Brand for 8 Consecutive Years.
- GAC manufacturing meets the highest global standards, making them the partner of choice for many leading manufacturers.
- GAC has established joint ventures with Honda (Since 1988), Toyota (Since 2004), Hino (Since 2007) and Mitsubishi (Since 2012).
- Outside of China, GAC has Research and Development Centers in Los Angeles, California (U.S.A.) & Milan, Italy (Europe).
- GAC uses only the highest quality parts from 18 of the Top Suppliers Worldwide to manufacture its vehicles. These include Bosch (Germany), Denso (Japan), Continental (Germany), Schaeffler (Germany), ZF Friedrichshafen (Germany), Valeo (France), Faurecia (France), Michelin (France), GESTAMP (Spain) and many more. Parts are efficiently sourced from their centralized warehouse in Panama, ensuring minimal downtime.
- GAC uses transmissions from Toyota owned AISIN Corporation.
- The GS3 Emzoom has been rated the #1 Highest Quality Compact SUV in all of China by the Government, evaluated across 5 dimensions; defect complaints, defect risks, reliability, safety, and environmental performance.
- In 2024, AION, GAC's electric brand, was rated the #1 Highest Quality EV brand in all of China — the world's largest and most renowned EV makers.
- 4 Million+ Kilometer Enhanced Durability testing before the launch of every product, to guarantee reliable quality for 10 years and 240,000 kilometers.
- Enjoy complete peace of mind with an exceptional 5-year, 150,000 km Bumper-to-Bumper Warranty.
