10	11	12	13	14	15	16
	<p>Music Monday is more than singing and dancing, it's a way to encourage children to be active while developing their early literacy skills and having fun with friends and family!</p>	<p>Cooking together connects math and literacy skills, science, and more. Create your own healthy snacks and share the recipes and photos of your creations!</p>	<p>When children build together, they explore math and science and develop social skills. Work Together Wednesday can also include parents reading with children and visits to primary schools.</p>	<p>Children build creativity, social skills, and fine motor skills through open ended art. They make choices, use imagination, and create with their hands. On Artsy Thursday, we celebrate the joy and learning that come from creative art.</p>	<p>Children's free play is essential for early learning. Through play, children explore their world, build skills, and develop a love for learning. This day highlights the importance of play. Families are invited to join at pick-up time for shared play that supports learning, relationships, and connection.</p>	
17	18	19	20	21	22	23
