HFC CAYMAN ISLANDS 2026 GRANT OVERVIEW

HELP FOR CHILDREN — CAYMAN ISLANDS — Prevent & Treat Child Abuse

Help For Children (HFC) is a global foundation dedicated to fighting child abuse. Founded in New York in 1998 as Hedge Funds Care, it has grown to include the support of the broader Alternative Investment industry. Since its inception, HFC has invested more than USD $66 million in grants across ten locations globally to protect and heal children from the trauma of abuse. The HFC Cayman Islands affiliate was established in 2005 to fight child abuse in the Cayman Islands (all funds raised locally stay locally). HFC Cayman Islands has an affiliate Board chaired by Jennifer Collins, Director at Carne Global.
